Netiquette for Virtual Classes

The importance of practising good etiquette on the internet

Welcome!

Make sure you learn about
online rules in the new normal.

What is netiquette?

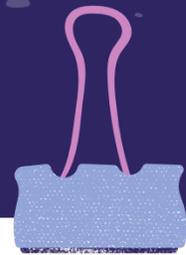

It's short for "internet etiquette"

Netiquette is a code of good and preferred behavior on the Internet. Observing and exercising good online behavior is not only mandatory. It is everyone's responsibility.

Spot the difference

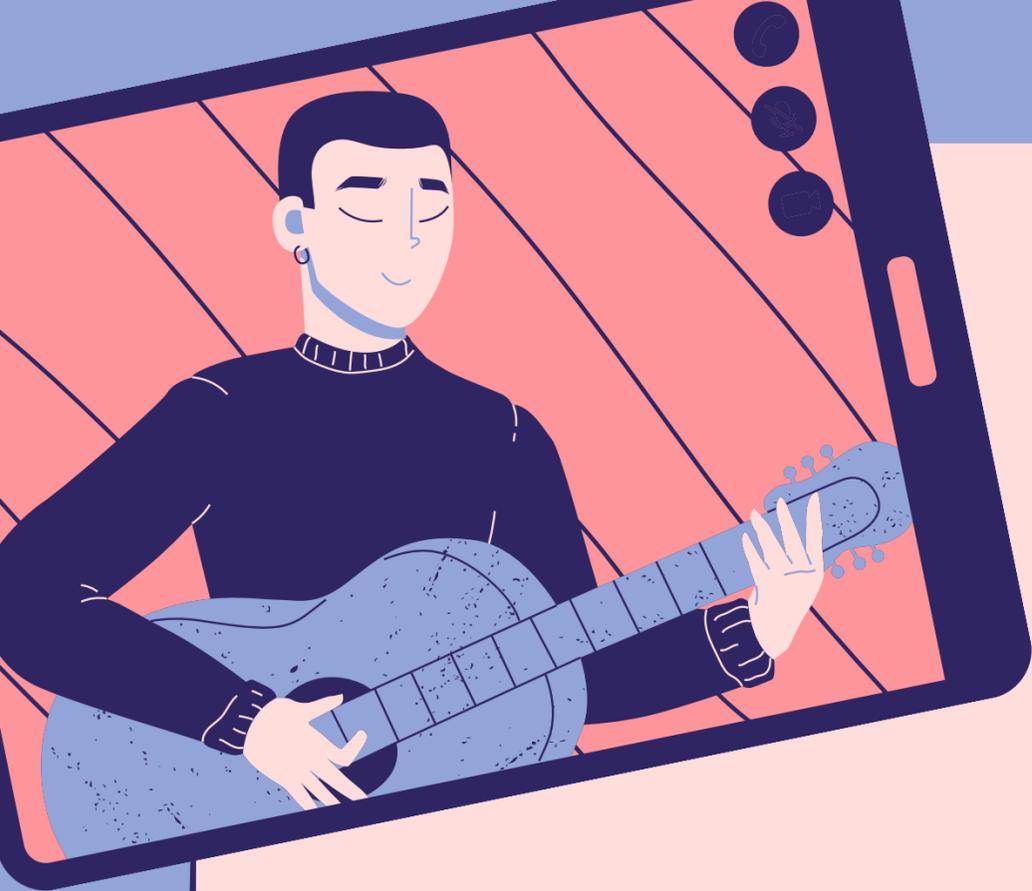

Etiquette in society

A code of polite behavior we need to observe and exercise as good citizens.

Etiquette in technology

A code of polite behavior we need to observe and exercise as we interact with other people online.

How netiquette impacts virtual classes

It prevents miscommunication

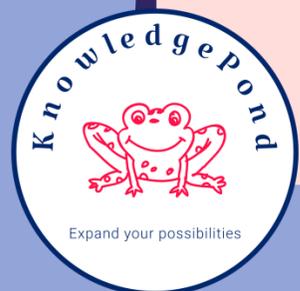

Due to the lack of physical expression, communicating online can be challenging. Being respectful helps us understand each other and the lesson properly.

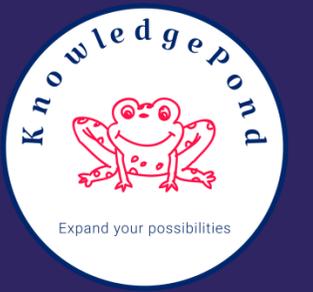

It enhances the learning experience

Keeping our discussions focused can only be achieved if everyone behaves politely and respectfully towards each other.

It builds a community of learners

Collaboration and cooperation is imperative, more so in this time of distance learning. Working together and helping each other benefits all of us.

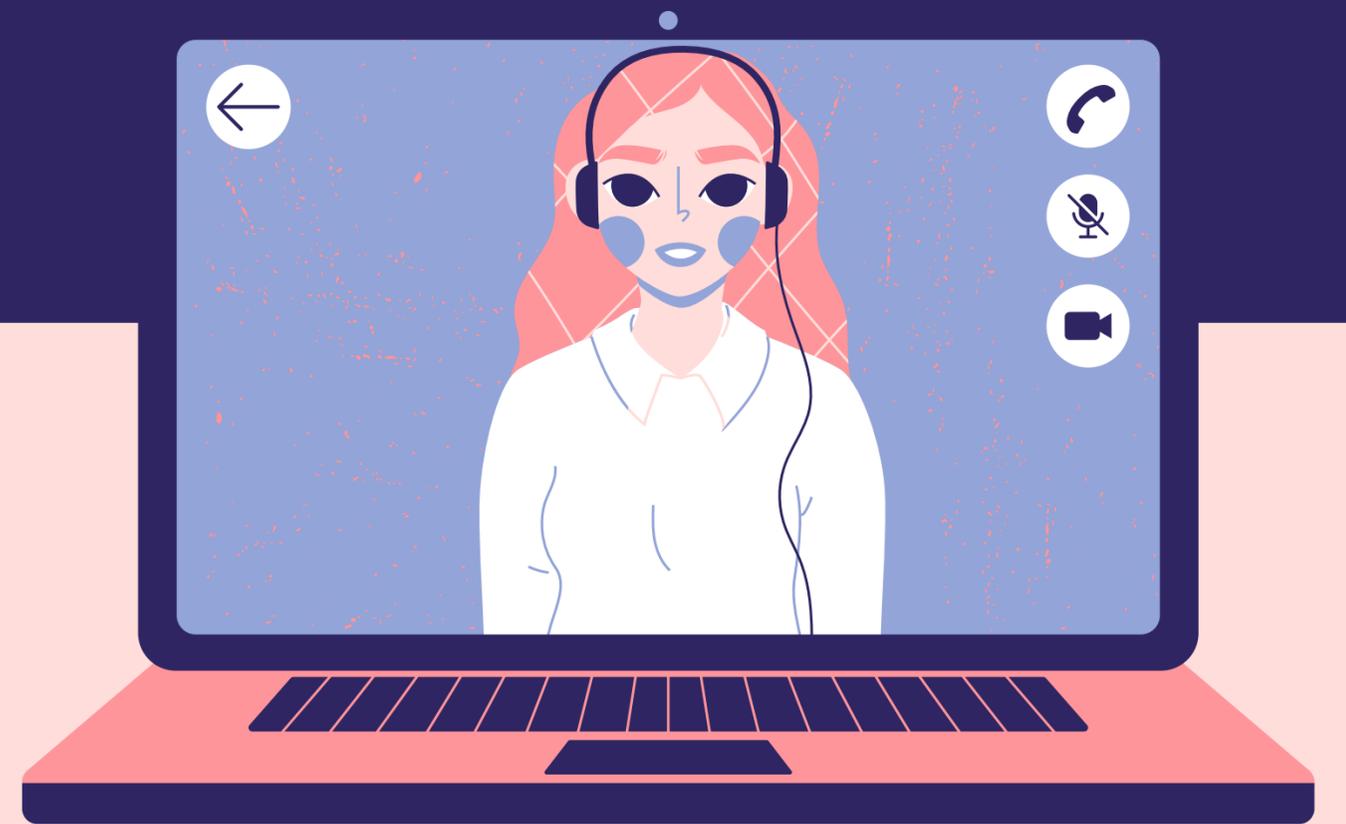

The most important thing to keep in mind:

We are still human beings.

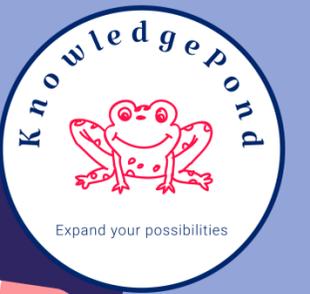

TREAT EVERYONE WITH RESPECT.

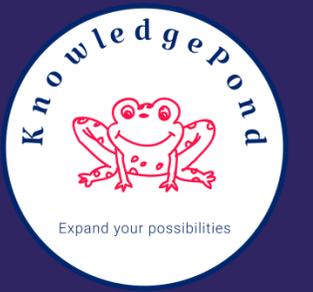

The proper way to interact with our teachers and classmates should stay the same. We do not say anything online you wouldn't say to a person face-to-face.

The Internet Age

This is learning in the new normal

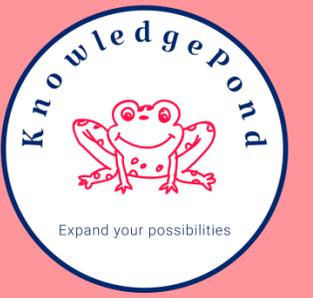

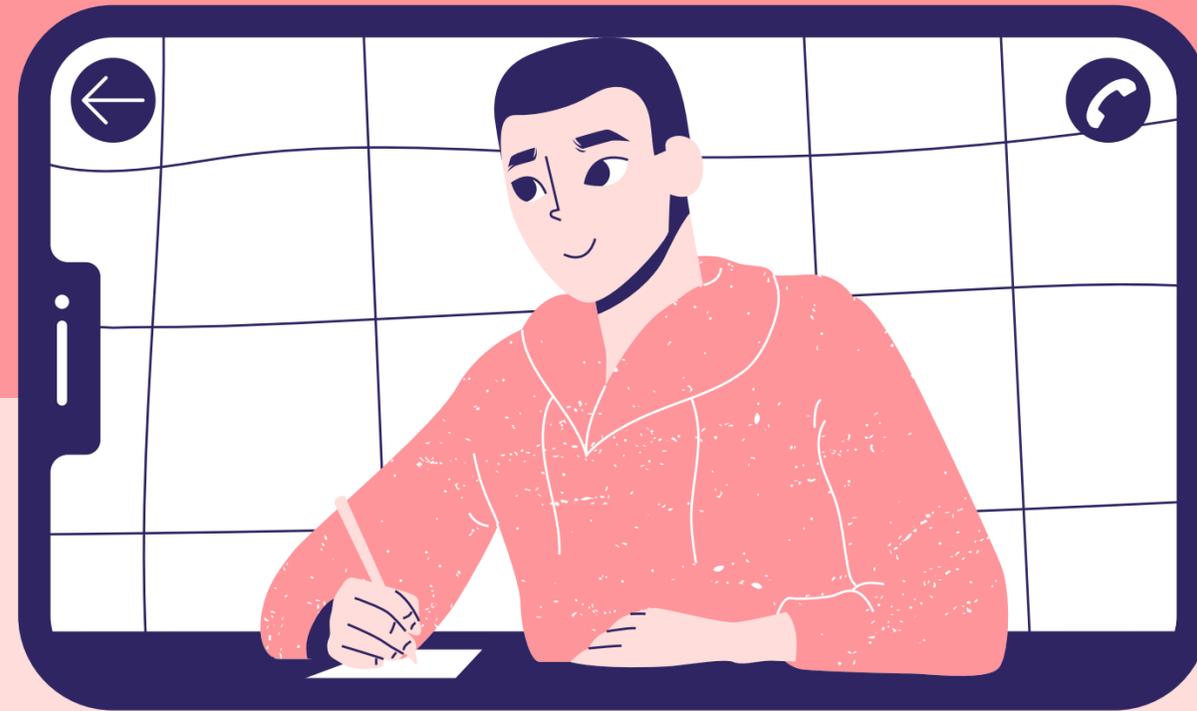

Why Observe Proper Net Etiquette

A closer look at online manners

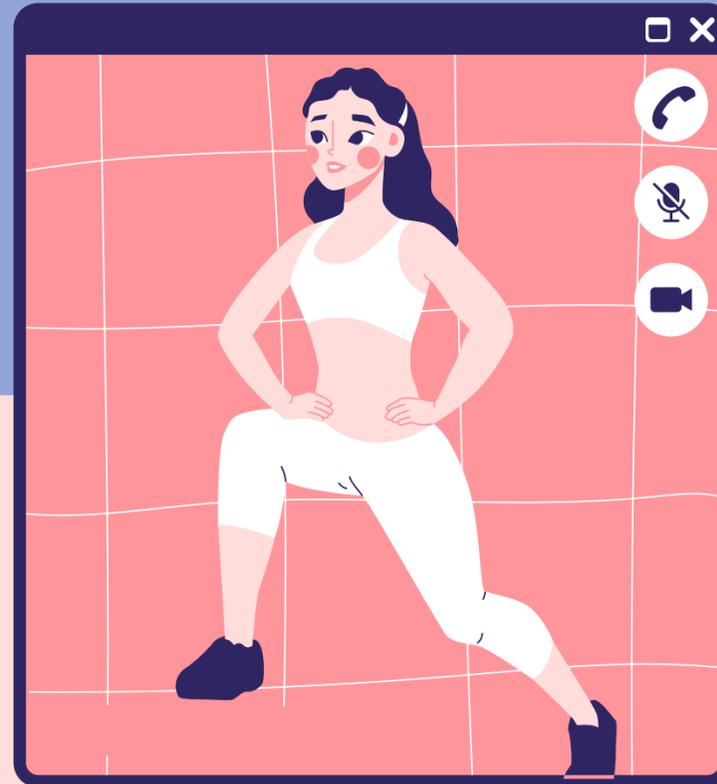

To collaborate harmoniously with others

Being able to successfully function online is similar to functioning in society. When we follow the rules of good conduct, we're able to work harmoniously with other people. This also prevents miscommunications and misunderstandings from happening.

To help others and yourself

Practicing good netiquette makes online learning fun and enjoyable for everyone involved.

Because we share a common space

We are all responsible in making our online community safe and a conducive place for learning. We are in this common space because we are all here to learn.

Virtual or not, we are still here to
learn

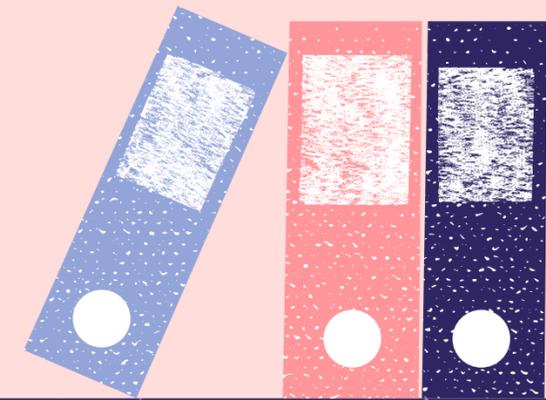

We are in a Classroom

Acting in a professional manner is expected
from both teachers and students

Remain Kind at all times even online

From greetings to sign offs

Manners are the basic building blocks of civil society.

- Alexander McCall Smith

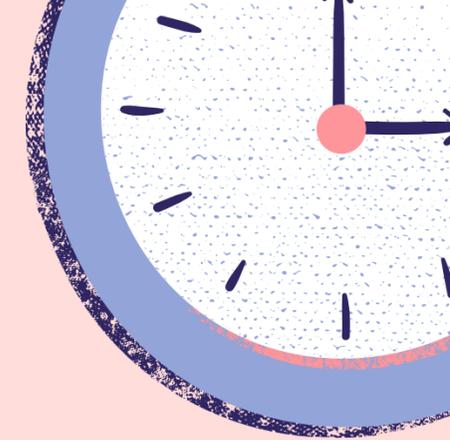

Treat everyone with kindness and respect, online and offline.
